Dear Sir/Madam,

## Letter of Appreciation And Gratitude

We wish to acknowledge receipt of 18 computers and a printer from your foundation through our Ministry of Basic and Secondary Education. The arrival of these items was really very timely as they arrived at a time when we had no computer in a working condition in our computer lab, and no printer at all in the school. Most of our administrative correspondence was unfulfilled thus.

We wish to pledge that the computers and the printer will be judiciously utilized. The students will be taught the basic computer skills and knowledge required to prepare them amply for university education in addition to the use to which the computers will be put for administrative purposes. In fact this letter before you is typed and printed from one of your computers and the printer.

The computers and the printer will go a long way in easing the burden of our access to information and information technology especially when we get connected to the internet.

On behalf of the school board of governors, the staff, parents and pupils of Armitage Senior Secondary School, I wish to express our sincere thanks and gratitude to the board of CareGambia Foundation, Netherlands for your kind benevolence. We wish you long life and prosperity.

Yours sincerely,

  
David A. Haffner  
Principal
